DESCRIPTION

Cloth Plate Mounting Tape is a robust, double-sided adhesive tape made from cotton cloth, designed specifically for the flexographic printing industry. This tape features a strong natural rubber adhesive on both sides, coated for optimal adhesion and durability. Its specialized cushioning adhesive enhances performance in halftone and solid/block printing by providing excellent temperature and humidity resistance. Ideal for mounting printing plates onto sleeves and cylinders, it also finds use in carpet installation, offering easy handling with its paper release liners.

APPLICATION

- **Flexographic Printing:** Used extensively for mounting rubber and photopolymer plates onto printing cylinders, enhancing print quality and speed.
- **Carpet Installation:** Offers strong adhesion suitable for affixing carpets securely to various surfaces, ensuring they stay in place.

USER GUIDANCE

- **Surface Preparation:** Ensure surfaces are clean, dry, and free from dust or oils for maximum adhesive effectiveness.
- **Proper Alignment:** Align the tape carefully when mounting items like printing plates to avoid misplacement and ensure high print quality.
- **Pressure Application:** Apply sufficient pressure over the entire surface of the tape to enhance bond strength, either manually or with a roller.
- **Storage Conditions:** Store the tape in a cool, dry place away from direct sunlight to maintain adhesive quality. Keep in original packaging to protect from dust and moisture.
