FEATURES

Grippex Mirror Mounting Tape is a versatile, foam-based tape designed for easy mirror attachment to various surfaces, including wood, tiles, stone, marble, granite, and fiber boards. It offers a strong hold without the need for screws, enhancing the appearance of large mirrors. This double-sided tape is moisture-resistant, cost-efficient, and easy to use. Its strong adhesive ensures better bonding performance and smooth conformity to substrates. Make mirror mounting effortless with Grippex.

ADVANTAGE

- Holds strongly to substrate without screwing
- The mirror looks more attractive specially large mirror
- Easy to use and apply
- Cost efficient
- Moisture Resistant

USER GUIDANCE

- **Clean the Surface:** Ensure the surface is clean, dry, and free of dust or grease for optimal adhesion.
- **Cut the Tape:** Measure and cut the Grippex Mirror Mounting Tape to the desired length, ensuring it covers the entire mounting area.
- **Apply the Tape:** Firmly press the tape onto the back of the mirror, making sure it adheres smoothly without air bubbles.
- **Mount the Mirror:** Align the mirror with the desired location and press firmly against the surface. Hold in place for a few minutes to ensure strong bonding.
